PUBLIC WARNING MESSAGE

Date:	2020/08/08	Issuance Time:	02:06 AM
Event:	Adverse Weather	Message Type:	Alert
Headline:	ADVERSE WEATHER ALERT #1, YELLOW LEVEL		
Area Description:	Trinidad and Tobago		
Start Date/Time:	2020/08/08 02:00 AM	End Date/Time:	2020/08/09 05:00 PM
Urgency:	Immediate	Response:	Monitor
Severity:	Moderate	Certainty:	Observed
Description:	The Inter Tropical Convergence Zone (ITCZ) has become active, resulting in occasional heavy showers and thunderstorm activity in several areas in both Trinidad and Tobago. Gusty winds in excess of 50 km/hr and street or flash flooding can occur in vicinity of heavy showers. Some improvement is expected from mid to late afternoon today until midnight.		
Instructions:	Monitor weather conditions and official updates. More information: www.odpm.gov.tt
